

EEMUA Regional Forums

North West & North East Regions

Safe and Effective Industrial Asset Management

A half-day participative seminar and networking event for managers and engineers in the chemical, pharmaceutical, power, energy, and general processing industries, water and utilities sectors.

Friday 26 March 2010
Venue: Warrington

Thursday 13 May 2010
Venue: Newcastle

Remember to claim CPD points on these events

Who should attend & programme

These Forums are aimed primarily at the engineering managers within industrial process operating firms, power generators and utility companies of all sizes - from small and medium chemical manufacturing enterprises working with minimal in-house engineering resources, through multi-site storage, processing and distribution companies, up to large refineries and other top-tier COMAH sites with international operations.

These Forums should also be of relevance to the operations directors, process safety managers, professional engineering specialists, project managers and others involved in industrial asset management and integrity management within such organisations.

The programme*

Timings	Topic
08.30 – 09.05	Registration, coffee & light breakfast
09.05 – 09.30	Chairman's Welcome and Introduction: <i>'EEMUA and Industrial Asset Management'</i>
09.30 – 10.00	Plant automation issues in 2010
10.00 – 10.30	Integrity management - an HSE viewpoint
10.30 – 11.00	Refreshments/networking
11.00 – 11.30	Storage and containment issues - post Buncefield
11.30 – 12.15	Special feature : <i>'Human Factors'</i> - launch of new edition of EEMUA 201 Introduced by Dr Andrew Lichnowski, EEMUA and John Wilkinson, Team Leader, Human Factors, HSE
12.15 – 12.30	Industrial asset management: an overview of the EEMUA 2010 work programme
12.30 – 13.00	Panel discussion/Q&A session: <i>'Challenges for plant management in 2010'</i>
13.00 – 14.00	Buffet lunch/networking
14.00	Close

*Timings and programme as planned (may be subject to change without prior notice).

Visit www.eemua.org or phone +44 (0)20 7621 0011 for other regions & dates

Importance of these Forums & key benefits

Safe, effective industrial asset management makes a vital contribution to your organisation's reputation and profitability. EEMUA provides not only guidance on good and best asset management practices, but also gives professional engineers and managers like you access to a multinational, self-help network of your peers working in operating companies large and small across a variety of industry sectors – a rich resource of talent and knowledge that's considered particularly valuable for the smaller plant operating company.

These events bring EEMUA locally to your region, allowing you to meet and talk with some of its leading members, listen to their views and those of the regulator, and become part of the very special engineering network that is EEMUA.

Forum key benefits

- **GAIN** an overview of the latest developments, and what may be around the corner
- **HEAR** what other plant operators think and the practices they are adopting
- **BUILD** or extend your network of engineers and managers from other companies who are facing similar challenges to yourself in optimising safety, quality, cost and performance
- **MEET** leading participants in EEMUA, the membership organisation that develops and promotes leadership in industrial asset management

The speakers

EEMUA has arranged for a team of speakers* to be available to cover its various Regional Forums, drawn from both EEMUA member companies and the Health & Safety Executive (HSE).

HSE Guest speaker 1

Stuart Pointer is principle specialist inspector in HSE's Hazardous Installations Directorate. Stuart leads in Mechanical Engineering technical policy development and manages a team of inspectors carrying out inspection and investigation work at onshore installations.

HSE Guest speaker 2

John Wilkinson is Team Leader, Human & Organisational Factors Team, in the Onshore division of the Hazardous Installations Directorate at HSE.

Bill Swift is a senior consultant with EEMUA. He worked for many years in the chemical industry, most recently as Corporate Projects Manager at **Innospec Ltd**, during which time he was a non-executive director of EEMUA and Chairman of the EEMUA governing Council, 2003-2007.

Dr Andrew Lichnowski is Chairman of EEMUA's Instrumentation & Control Technical Committee. A chartered engineer, he has worked for many years in the electrical power generating sector with **RWE npower**.

Andrew Pearson, EEMUA Technical Manager, oversees the Association's technical programme including Technical Committees, Work Groups and Special Collaborative Projects. He is a chartered mechanical engineer who has worked at **Rolls Royce** and **BHR Group** prior to joining EEMUA.

Gary Lacy is the engineering director of Simon Storage, responsible for the integrity of c.£300M of facilities, the management, training and development of the engineering team, and the definition, design and implementation of capital investment projects at Simon's terminals in the UK, Ireland and Germany. Gary represents Simon Storage on the EEMUA Council.

Other speakers will be drawn from EEMUA member companies, depending on the Region concerned.

*EEMUA reserves the right to change the speakers, should they be unavailable, without prior notice.

If you are a qualifying* EEMUA member FREE of charge**

These events are aimed at operating company personnel only.

- Simply e-mail info@eemua.org giving your name, company name and work contact address and phone number, and let us know which event you wish to attend.
- We will confirm your FREE place once we have verified your application and completed your registration.

NOTE: If you do not receive a confirmation, this may be because we could not verify your application or we did not receive your e-mail - you are strongly advised to contact us before travelling to the event, to avoid possible disappointment if the event is fully booked or you do not qualify.

If you are not sure whether you qualify:

Call EEMUA on 020 7621 0011 for advice.

*Qualifying means an employee of an EEMUA member company that is a plant owner or operator.

**Subject to prior registration and acceptance: terms and conditions apply; venue numbers limited.

If you are from a qualifying[†] company that is not an EEMUA member the registration fee for each delegate is £97.00 per forum

These events are aimed at operating company personnel only.

[†]Qualifying company means a process plant owner/operator company.

Please complete and post a Registration form for each non-member delegate attending.

Registration forms can be downloaded online at www.eemua.org

Post: EEMUA, 10-12 Lovat Lane, London EC3R 8DN

Fax: +44 (0)20 7621 0022

E-mail: sales@eemua.org

Any questions, please see the Q & A's opposite or phone +44 (0)20 7621 0011

Full payment should be made at least two weeks prior to the commencement of the Forum.

FREE for Qualifying EEMUA Members

If you would like to find out about becoming an EEMUA member company go online to www.eemua.org or call +44 (0)20 7621 0011

Who runs these Regional Forums on industrial asset management?

These Regional Forums are run by EEMUA (Engineering Equipment and Materials Users Association), an international non-profit membership organisation.

EEMUA aims to improve the safety, environmental and operating performance of industrial facilities in the most cost-effective way, developing and promoting leadership in industrial asset management. EEMUA members pursue these aims by sharing engineering experiences and expertise, and by the promotion of their distinct interests as the users of engineering products.

How do I check whether my company is a member of EEMUA, or would be eligible for membership?

If you are not sure whether your organisation is a member, or to enquire about eligibility for EEMUA corporate membership, call +44 (0)20 7621 0011 and ask to speak with the Membership department.

As a guide, if your organisation owns or operates industrial plant, storage and distribution terminals, pipelines, or similar physical assets that require engineering asset management, it is likely that you will be eligible for membership. EEMUA is run by, and for the benefit of, such organisations.

Can you help me with accommodation?

Yes. We expect most people will want to travel on the day; however, there are a limited number of rooms reserved at the venue for the night before the event at a special discounted rate, and we will be pleased to help arrange accommodation if you wish.

Call EEMUA on +44 (0)20 7621 0011 and ask to speak with the Events department.

Can I get a tax (VAT) receipt?

We can provide you with a receipt for your payment. The Government (HMRC) has exempted EEMUA from VAT, so there is no tax (VAT) payable on this event.

Will other Regional Forums be held?

EEMUA is implementing a series of Regional Forums covering Wales and the West, the North West, North East, Scotland and elsewhere.

Further regional events will be organised in the future if your feedback suggests there will be demand.

Check our website www.eemua.org or call +44 (0)20 7621 0011 for the latest news about dates and venues.

“ Delegates should benefit from the opportunity to meet and talk with their counterparts from leading operating companies. ”
